R E S P O N S E

The Hon. Commissioner of Patents
and Trademarks
Washington, D.C. 20231

Sir:

This is in response to the Official Action mailed
February 20, 1985.

Claims 1 through 13, 15, and 17 through 20 have been
rejected under the doctrine of obviousness-type double
patenting, as being unpatentable over claim 1 of applicant's
co-pending application serial number 501,560. In response
to that rejection, an executed Terminal Disclaimer in
compliance with 37 CFR 1.321(b) is being submitted with this
response, and it is believed that this will overcome the
rejection, especially in light of the statement to that
effect made by the Examiner towards the end of the second
paragraph appearing on page 2 of the Action.

A check in the amount of \$50 is attached to cover the
Terminal Disclaimer fee.

The Commissioner is hereby authorized to charge fees
(except the Issue Fee) which may be required now or hereafter,
or credit any overpayment, to deposit account no. 13-5040.
While it is believed that no such additional charges will be
necessary, a duplicate of this response is, nevertheless attached
for Finance Branch use, if necessary.

In the circumstances, it is believed that this application
is now in a form suitable for immediate allowance, and early
